Docket No. 7081

Investigation into Least-Cost Integrated Resource)
Planning for Vermont Electric Power Company, Inc.'s)
Transmission System)

Order entered: 1/21/2010

ORDER RE MODIFICATION OF SCHEDULE FOR VSPC ANNUAL REPORT

On January 13, 2010, the Vermont System Planning Committee ("VSPC") filed a request for an extension for submitting its annual report on 2009 activities. The VSPC requests that the deadline be extended by one month, from January 15 to February 15, 2010. (Because February 15, 2010, is a holiday, the report would actually be due by February 16, 2010.)

According to the VSPC:

By securing this extension, the annual report can be filed immediately following the completion of an updated Project Priority List that tracks the 2009 Vermont Long-Range Transmission Plan. This will ensure that the report is maximally current, meaningful and informative.

The Board previously established a deadline of January 20, 2010, for parties to comment on the proposed extension. No comments were filed.

We hereby approve the VSPC's request for an extension. The VSPC's annual report on 2009 activities shall be filed on or before February 16, 2010.

SO ORDERED.

Dated at Montpelier, Vermont, this 21st day of January, 2010.
